

My name is Dr. Sangeeta Kopardekar.

I am the Chief Medical Officer at Peninsula Healthcare Connection, serving our most vulnerable community members in Palo Alto and the surrounding area.

As a practicing Geriatrician at the Palo Alto Medical Foundation, I bring with me a vast knowledge surrounding the delivery of primary care to specialized and underserved populations.

PHC is a world-class team with support from the Palo Alto Medical Foundation/Sutter Health, Stanford Health Care, and El Camino Hospital where we reach unhoused people on the street using Backpack Medicine and a tuk-tuk to get every vulnerable person health services!

My time with PHC will be focused on enhancing service offerings and performing intensive tracking and attendance to the Social Determinants of Health that unhoused clients experience in their health care and the additional barriers to basic needs they face. Under my medical guidance and advocacy, PHC will enhance and adapt current services that include:

**Primary Care, Preventative Care, Psychiatric Medication Management, Substance Use Treatment, including Medication Assisted Treatment (MAT), Community Outreach Activities, Case Management and Medical Social Work**

To do this work, we need your help. Please consider making a gift this year to support this critical work to keep our community healthy and thriving. If you can support our services this year, we would be so grateful, as will those you see on our streets.

Warmest Wishes,

Dr. Kopardekar & Team

Please tear off and return the reply form below with your contribution in the enclosed envelope or visit [www.peninsulahcc.org/donate](http://www.peninsulahcc.org/donate). If you have already made your donation, Thank YOU!
